RE: MVP Health Plan, Inc.'s 2022 VT Rule H-2009-03 Filing

Dear Mr. Arduengo:

I, Karla Austen, attest to the Commissioner of the Department of Financial Regulation, that MVP Health Plan, Inc. is in compliance with Part 5 of Rule H-2009-03 with no exceptions.

Sincerely,

Karla Austen
Chief Financial Officer and Executive Vice President,
Network Management
MVP Health Pan, Inc.

Network Adequacy Reporting

Section 6.3

MVP has assessed its provider network according to the regulations stipulated in the State of Vermont's Rule H. For 92% of the required services, MVP is maintaining a network adequacy rate of 99% or higher. In areas where MVP falls below the regulatory standard, it is due to membership in rural counties where the provider type simply does not exist or is outside of the time/distance standards because of geography. MVP does recruit providers upon member request, even in areas where state requirements are already being met with the existing network, and consistently accepts new providers into the network. MVP is working on recruiting additional Intensive Outpatient Programs as we become aware of them. MVP continues to enroll additional telehealth providers, enabling additional access to services for members in underserved areas. This is very beneficial with the members obtaining access to Behavior Health Providers.
