

Vermont Workers' Compensation Adjuster Request for Extension to Complete the Continuing Education Seminar

I hereby request an extension of the time in which to complete my continuing education seminar. By signing this request, I acknowledge that if I fail to attend the next available continuing education seminar offered via the Vermont Department of Labor in the Spring of 2020, my workers' compensation adjuster license will be suspended. I further acknowledge that this extension shall not reduce my continuing education requirement for the license period ending in 2022.
